THE HONEST REALITY CHECK

OUR STORY

What's Really Happening in our Organisations?

"The whole concept of someone from otara having an impact on something on an international scale just seemed so foreign to me. But with this opportunity i have been given, i have found a new hope that i will cling to no matter what, despite whatever doubts or anything that i may come across i will continue to believe that i can make it."

FINANCIAL DISCIPLINE

A man and a woman are riding a yellow cargo bike on a paved path. The woman is in the front, wearing a black t-shirt with 'OTARA' printed on it, and the man is behind her, also wearing a black t-shirt with 'OTARA' printed on it. They are both smiling and making peace signs. The background shows the Otara Integrated Health Centre building with various logos like 'Local Doctors Otara Mail', 'Unichem', and 'jetts'. There is a wooden boardwalk to the right and a parking lot to the left.
